Listing of Participating Dentists for Plans Administered by Redwood Health Services

The listing contains the names of **Participating Dentists** for the self-insured plans administered by Redwood Health Services.

A person eligible for benefits may select the services of any licensed dentist. However, if the dentist visited is a Participating Provider of Redwood Health Service's network, the dentists have submitted their fees and have been approved for 100% reimbursement less any applicable copayments or deductibles.

If you select a **Non-participating Dentist,** the administrator will pay allowable charges on an average fee schedule in accordance with the provisions of your program, as outlined in your Plan Summary. If there is a balance due, however, it is your responsibility.

This listing is in alphabetic order by city. Specialty codes are listed by the dentists' names for easy reference to a specialist in your area.

Specialty codes for a dentist are as follows:

- **GD - General Dentists** provide a full range of services for the entire family.
- **EN - Endodontists** specialize in diseases of the tooth pulp, performing such services as root canals.
- **OS - Oral Surgeons** remove impacted teeth and repair fractures of the jaw and other damage to the bone structure around the mouth.
- **PD - Periodontists** treat diseases of the gums.
- **PS - Prosthodontists** generally specialize in replacing missing natural teeth with bridges or dentures.

Note: This listing is correct as of 6/5/23. Please note that there may have been changes since this listing was uploaded. Therefore, we suggest you ask your dentist about their current status with Redwood Health Services at the time of your visit.
